

ALLPROUSA Covid-19 Safety Plan

ALLPROUSA understands the importance of team safety during the Covid-19 Pandemic and takes serious and proper measures for the safety of our workers and those around us.

Keeping in mind that our services as Construction Photographers and Videographers is done away from groups of people interactions can occur and a clear safety plan needs to be in place.

Using the best information from the CDC and other resources ALLPROUSA has developed a five point Covid-19 Safety Plan.

- *Maximum of three team members per project*
- *Team members must wear face masks and eye protection.*
- *Hand sanitizer and disinfecting wipes along with antibacterial soap, water and disposable towels will be on site at all times.*
- *Equipment including cameras and vehicles will be sanitized prior to the start of the day, again after lunch and at the end of the day.*
- *If a team member shows any symptoms of Covid-19, work is suspended for the day and the employee is required to seek medical advice immediately.*

For more information please contact ALLPROUSA by email or phone, daily from 8 am to 10 pm.
